

Get more with Contact Less

Signature RFID by VingCard is the new contact less (Radio Frequency IDentification) electronic lock designed to give you more ...

- **More Guest Satisfaction:** Unmatched ease of use for guests of all ages
- **More Security:** Offers anti-cloning technology for all guest and staff cards
- **More Adaptability:** RFID carriers adapt to any hotel style: business, resort, spa, all-inclusive, etc.
- **More Selection:** Provides access today to next generation technologies, including NFC-cell phones

... and **Less** guess-work out of selecting the right technology standard. **Signature RFID by VingCard** offers you four technology standards in one electronic lock.
