

Oracle MICROS Workstation 6 Family

The hospitality and retail industries are increasingly dependent upon reliable technology that enhances the guest experience. Oracle understands this, and has developed a family of next-generation digital engagement devices to provide the most advanced, modern, and robust hardware offering on the market. The Oracle MICROS Workstation 6 Family employs the latest in Oracle technology; features an aesthetically pleasing, modern appearance and slim footprint; and is rugged enough to withstand harsh, demanding workplace environments common in the hospitality and retail industries. The Oracle MICROS Workstation 6 Family provides enhanced customer engagement, superior point-of-sale (POS) performance, maximum efficiency and a sleek new look.

KEY BENEFITS

- Provides reliability and extended product life
- Offers adaptability to changing operational requirements
- Improves efficiency with simple, streamlined installation
- Provides a modern appearance with its sleek look and feel
- Enhances the guest experience with innovative customer engagement features

Designed for Hospitality and Retail Applications

The Oracle MICROS Workstation 6 Family comes preinstalled with the latest OS from Microsoft. Windows 10 IoT Enterprise users can take advantage of the rich features of Windows 10, including multi-touch capability and the clean, modern style of the Windows 10 application user interface. The all-in-one design includes a full, high-definition, wide-screen LCD with multitouch performance. The terminals can be mounted on a companion stand, which provides full adjustability, superior cable management, and accommodation for peripherals and accessories. Alternatively, its slim, elegant design makes the Oracle MICROS Workstation 6 Family ideal for wall mounting, providing a discreet, attractive workstation appearance in any environment.

Next-Generation Workstations

Each of the terminals within the Oracle MICROS Workstation 6 Family is dependable, attractive, and versatile. They offer tightly controlled quality to deliver superior POS performance and reliability for your busy hospitality or retail environment.

Outstanding Reliability

- Spill resistant and operational in temperatures from 0 °C (32 °F) to 50 °C (122 °F)
- Thermally bonded processor dissipates heat, allowing for passive cooling
- No moving parts, for long-lasting durability

Adaptability

- 15.6-inch wide-screen full high-definition (FHD) display with multitouch, projected capacitive touchscreen
- Ability to attach to an adjustable stand or mount to a wall, for maximum flexibility

KEY FEATURES

- 15.6-inch wide-screen FHD display
- Available in 3 different configurations: built with an Intel Atom processor, a Celeron processor, or a Core i5 processor
- Microsoft Windows operating system
- Adjustable stand to accommodate power supplies and peripherals
- Constructed with durable materials, including an aluminum alloy case
- Designed with no moving parts
- Integrated magnetic card reader

- Adjustable stand accommodates printer power supplies and modular peripherals such as scanners and customer displays
- Wireless connectivity available

Fresh Design

- Sleek styling complements any decor with a smooth appearance, low profile, and small footprint
- Constructed of aluminum alloy and hardened materials to provide a strong casework that will maintain an attractive finish for years

Service and Workforce Innovation

- Modernizes experiences by delivering digital content to both staff and guests, from showing a training video to a new staff member to presenting a promotion or product description to a guest
- Integrated design and user experiences give consistent content delivery across multiple devices, from tablets to workstations

Flexibility with a Choice of Three Models

The Oracle MICROS Workstation 6 Family now offers a choice of three engagement terminals:

- Oracle MICROS Workstation 610 comes preinstalled with Microsoft Windows Embedded 8.1 Industry Pro and runs on the Intel Atom processor
- Oracle MICROS Workstation 620 comes preinstalled with Microsoft Windows 10 IoT Enterprise and runs on the Intel Celeron ULT processor for added speed
- Oracle MICROS Workstation 650 comes preinstalled with Microsoft Windows 10 IoT Enterprise and runs on the Intel Core i5 ULT processor for maximum processing power

Moving the workstation well past its origin as a POS device, the Oracle MICROS Workstation 6 Family introduces a new category of device. Serving as a centralized content delivery vehicle, Oracle MICROS Workstation 6 improves guest engagement from the front desks of hotels to retail locations.
